

Mariah Donica

Junior Front-end developer specializing in HTML, CSS, Javascript, and Bootstrap, focused on responsive user-centered web interfaces with UX/UI proficiency in Figma and ongoing learning with Webflow and Wordpress

EXPERIENCE

Department of Emergency Communications — *Emergency Telecommunications*

March 2020 - PRESENT

- Process high-volume 911 and non-emergency calls using crisis de-escalation to gather critical information from distressed callers.
- Coordinate the rapid deployment and real-time tracking of Police, Fire, and EMS units via CAD systems and multi-channel radio.
- Deliver time-sensitive EMD instructions, including CPR and childbirth assistance, to callers prior to the arrival of field units.
- Facilitate mutual aid and information sharing between neighboring jurisdictions and specialized task forces during large-scale emergencies.

Publix — Deli Worker

December 2019 - March 2020

- Provide Premier Service by processing high-volume orders for sliced meats, cheeses, and prepared foods with accuracy and speed.
- Execute daily production of signature Publix subs, hot case items, and party platters while adhering to strict recipe and quality standards.
- Maintain a sterile work environment by strictly following health department regulations, food rotation (FIFO), and rigorous equipment cleaning protocols.
- Operate commercial-grade slicers, fryers, and ovens safely while managing online and in-store orders via the O-Zone system.

Dirt Cheap — *Front End Coordinator*

September 2018 - December 2019

- Supervised all front-end transactions and point-of-sale operations, ensuring 100% accuracy in cash handling, deposits, and daily reconciliations.
- Led and mentored a team of cashiers and floor associates, optimizing shift schedules and ensuring adherence to company policies and safety standards.
